Dear Masters, Instructors, Athletes, and Parents,

We hope everyone had a great winter and now it is the time for “**The Masters Cup Taekwondo Championship.**”

On this championship, we plan to make the better experience for the competitors, parents, masters, and instructors. Our goals for this championship include producing a smooth running tournament, in addition to keeping the competitors best interests in mind. We strive to continue to have a positive Taekwondo attitude, and hope you have been training even harder to have great competitions each other.

We, directors are obligated and honored to serve you to ensure that each individual has their best championship experience of the year. We would like to invite all Taekwondo schools around to join us on **April 3, 2016 (Sunday)** at *the Cresskill Community Center Gymnasium* in Cresskill, NJ. Now that Taekwondo is an official Olympic sport, this championship is a great stepping stone for one day achieving the ultimate goal of a gold medal in the future Taekwondo Event.

Sincerely,
